- Learn more about yourself
- Support a cause you believe in
- Use your talents to help others
- Develop new skills
- Build empathy
- Experience personal growth
- Hear interesting life stories
- Expand your horizons
- Share laughter
- Make new friends
- Strengthen your resume
- Connect with others
- Feel good about yourself

WHAT KIND OF VOLUNTEER OPPORTUNITIES ARE THERE?

No One Dies Alone (NODA) Volunteers

NODA volunteers sit vigil with hospice patients who have reached the final hours of life. They provide a caring presence, and respite for family and friends.

Veteran Volunteers

Veteran volunteers provide veteran-to-veteran companionship for veteran hospice patients, and participate in our Veteran Escort Honor Guard and other veteran recognition programs.

Office Volunteers

Office Volunteers provide clerical assistance with hospice and bereavement mailings, data entry, or event planning. They do important, behind-the-scenes work that supports the hospice staff and volunteer team.

Caring Companion Volunteers

Caring Companions visit with hospice patients to provide companionship and a caring presence. Their visits help hospice patients to have the best quality of life possible.

Specialized Volunteers

Some volunteers may have additional specialties, such as providing live music, comforting touch/Reiki, therapy animals, or spiritual support.
